

Jute wire hanging decorations formed around shape cutters

v15800

Make these lovely hanging decorations by shaping jute wire around shape cutters. Form a loop for hanging with the jute wire and tie a piece of natural twine through the loop. Thread wooden beads and skeleton leaves onto the twine for further decoration.

Comment faire

1 Shape the figures with jute wire around shape cutters of different shapes and sizes. Finish by twisting the ends together and make a loop for hanging.

2 Tie a piece of natural twine for hanging through the loop and thread wooden beads and skeleton leaves onto the twine.

3 Tie the hanging decorations onto a stick.
