

A Christmas wreath made from cut-out card hands with Silk Clay decorations

v15725

Make this Christmas wreath from cut-out card hands. Glue the hands together into a circle and decorate the wreath with a bow and berries made from red Silk Clay.

Comment faire

1 Draw the outline of a hand onto a piece of card and cut out.

2 Use a glue stick to glue the cut-out card hands together into a circle, letting the hands overlap.

3 Make a bow by rolling a strip of red Silk Clay into a sausage and then rolling it flat with a rolling pin.

4 Shape the bow as shown in the photo and trim the ends in a V. Press the bow onto the wreath.

5 Roll the berries from red Silk Clay and press them onto the wreath. Silk Clay will stick to card, wood, papier-mâché etc. as long as it is moist. Add a drop of water onto the Silk Clay decoration if it gets dry and won't stick.
