1 Print the template which is available as a separate PDF file on this page. Cut out four hearts and four squares from design paper and glue these onto the inside of the open box.

2 Colour in the entire back of the circular templates with a pencil. Place them onto a piece of card and transfer the text which is then highlighted with a black marker and then cut out.

3 Punch out snowflakes from metallic card using a die-cutting machine. Glue the snowflakes onto the inside of the open box.

4 Arrange a small Winter Wonderland in the middle of the open box with mini Christmas trees, pom-poms, stars and a Christmas bauble. Attach the mini decorations with Dodz adhesive dots.

5 Decorate the loose card inserts and inlays with design paper, punched-out shapes and text.

6 Decorate the box lid with ribbon, lametta and stars.
