

A vellum paper bag with dried flowers for confetti

v15952

Make a bag from vellum paper and fill it with dried flowers to use for flower confetti. The text is written with a Plus Color marker.

Comment faire

1 Print the PDF file for this idea. Place a piece of vellum paper on top of the template and copy the design lightly with a pencil onto the vellum paper.

2 Cut out the bag and fold along the folding lines. Rub out the pencil lines.

3 Place the bag on top of the bag template once again and copy the text with a Plus Color marker onto the front of the bag.

4 Attach double-sided adhesive tape along the sides of the bag.

5 Attach double-sided adhesive tape onto the base of the bag and assemble the bag.

6 Make a hole for the string using a hole punch.

7 Sprinkle dried flowers into the bag and fasten with a bow.
