

## Window decorations using chalk markers

v15949

Draw patterns with chalk markers on windows. Chalk markers can easily be removed from non-absorbent surfaces with a damp cloth.

### *Comment faire*

**1** Draw circles by placing a suction cup in the centre. Cut a 30 cm piece of string and tie a small loop at each end. Attach one end onto the suction cup and the other loop onto the chalk marker. Draw a circle. Repeat this process with shorter pieces of string for smaller circles.

**2** Draw lines, circles, arches, leaves etc. Remember to shake the markers well prior to use and gently pressing the drawing tip up and down a couple of times to make the paint flow to the tip.

**3** Remove the window decorations with a damp cloth when they are no longer needed.
