

## A snowflake star from paper bags

v16063

Una guida facile per tagliare, incollare e piegare una stella decorativa da 10 sacchetti di carta.

### *Comment faire*

**1**  
Print the PDF template for this idea, copy it onto 10 paper bags and cut out.

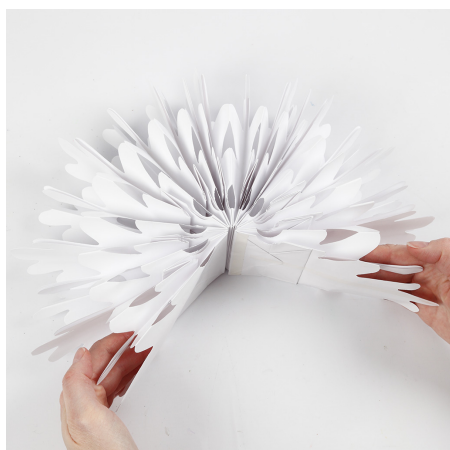

**2**  
Attach two pieces of double-sided adhesive tape onto one side of all the bags in an upside down T-shape; i.e. one piece of tape along the bottom and one piece along the middle of the bag.

**3**  
Stick all the bags together on top of each other.

**4**  
Unfold the star to attach the first and last bag.

**5**  
Add details by applying stripes of glue and then applying bio glitter to the glue using a brush.

**Template**  
Print the template here.
