

A crocheted doughnut keyring

v16215

Crochet your very own doughnut and use it in the play kitchen or as a decorative pendant on a keyring for a rucksack or a handbag. Crochet the doughnut in a light beige/sand colour and crochet the icing in your chosen colour. Finish by embroidering sprinkles on the icing. Please note that the finished doughnut measures approx. 7 cm in diameter.

Comment faire

1
Sew the crocheted doughnut together, filling it with polyester wadding as you go along.

2
Sew wooden beads onto the crocheted icing for the eyes. Embroider the mouth with black embroidery floss.

3
Embroider sprinkles in different colours on the icing.

4
Sew the crocheted decorated icing onto the inner ring of the doughnut.

5
Sew the outer icing edge onto the doughnut all the way around and secure the ends to prevent any holes appearing at the treble stitches.
