

A Cone Angel made from Felt

v11912

A super easy angel made from a sewn cone with a folded down tip, decorated with crochet lace borders, hair and wings.

Comment faire

1
Cut a cone from felt using the template.

2
Sew the cone together, right side against right side, either by hand or on the machine. Turn the right side out.

3
Fold down the tip and glue it in place – glue a pom-pom onto the very end of the tip.

4
Glue on crochet lace borders at the bottom.

5
Paint a face on the cotton ball and let it dry. Then glue it onto the cone.

6
Cut hair and a halo and glue it onto the angel's head.

7
Paint the wings with white Plus Color Craft Paint.

8
Finish by gluing the wings onto the back of the felt angel.
