

## Terracotta with Color Blocker

v12685

Terracotta decorations are decorated with Color Blocker and A-Color Glass Paint.

### *Comment faire*

**1.**  
Place the flexible stencil securely on top of the terracotta decoration.

**2.**  
Apply Color Blocker onto the flexible stencil design with a spatula. Let it dry.

**3.**  
Apply a coat of paint. Let it dry.

**4.**  
Use a foam stencil brush to carefully dab off the paint on top of the Color Blocker design.

**5.**  
As an alternative you may write or draw directly onto the terracotta decoration with the Color Blocker (comes in a bottle with a tip).
