

An Advent Candle Holder from Milk Bottles with numbered Zinc Tags

v13695

Make four white porcelain milk bottles into an advent candle holder and place on a mat made from wooden discs. Glue a candle holder onto each bottle. Tie a zinc tag with a punched-out number around each bottle with a piece of red & white cotton string.

Comment faire

1. Use a glue gun for attaching wooden discs, closely spaced, onto a cork mat, cut in a 30 x 11cm rectangle.

2. Glue a candle holder inside each of the milk bottles.

3. Thread the zinc tags onto a piece of cotton string and tie them around the bottles; one on each.
