Inspiration
Hey? What's that small door in the corner of our living room? I wonder, has an elf moved in?

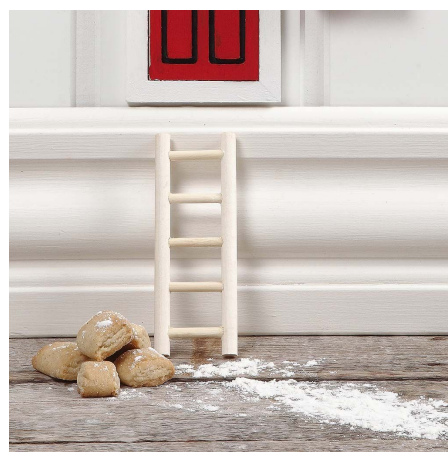

Inspiration
Shall we guess the elf's name and make a sign for the door?

Inspiration
He would certainly be pleased to receive a letter in his letterbox. Perhaps he would like to see your Christmas list?

Inspiration
What a big present. I wonder, is it from the elf – and who is it for?

Inspiration
What has happened during the night? Biscuits and flour all over the floor. Did the elf bake them himself?

Inspiration

Can the elf ski, or does he prefer flour rather than real snow? Is he a Chilly-Willy?

Inspiration

Is the elf having guests for Christmas? Who might they be and are the presents for them?

Inspiration

Hey! Could that be our new friend, or maybe it's just a pretend elf, that the real elf has put there? (Made from instructions in our material kit, item No. 97038).
