

Un bandeau licorne avec des décorations en feutre

v14843

La corne, les oreilles et les fleurs de la licorne sont coupées dans du feutre en utilisant le modèle disponible en fichier PDF séparé pour cette idée. Les parties sont attachées au bandeau puis décorées avec des pierres de strass.

Comment faire

1 Print the template which is available as a separate PDF file for this idea. Cut out all the parts and copy them onto felt in your chosen colours. Now cut out a horn, flowers and ears.

2 Glue the end of the yarn onto the tip of the horn as illustrated in this photo.

3 Roll the horn and glue together. Leave the two semi-round flaps sticking out at each side. These are to be used for attaching the horn around the hairband.

4 Cut scraps of felt and fill the horn to the rim to make it rigid.

5 Twist gold yarn around the horn and finish at the bottom by glueing the yarn end inside the horn.

6 Cut 2 cm wide felt strips. Apply glue to the hairband and wrap the strips around the hairband to cover it.

7
Secure the unicorn horn onto the middle of the hairband by glueing the semi-round flaps around the hairband.

8
Use Power Tape to attach the unicorn ears onto the hairband. Fold the ears around the hairband, hiding the tape inside the ears.

9
Finally glue the flowers and rhinestones onto and around the ears and the horn.
