**1**  
Paint the terracotta with Plus Color craft paint (which has an excellent opacity) and leave to dry completely.

**2**  
Draw with Plus Color markers when the surface has dried completely. The pump action paint markers work by gently pressing the drawing tip up and down a couple of times to make the paint flow to the felt tip. The marker is now ready for use. Shake the marker as you go along for a uniform colour. Leave to dry.
