

A Menu Card with Card Balloons decorated with Deco Foil

v15395

Make these festive menu cards with embossed paper, rhinestones and punched-out card balloons decorated with deco foil.

Comment faire

1
Cut a 7 x 17 cm piece of white paper. Place 1/4 of it onto the embossing folder between base plate B and embossing plate E. Run it through the die-cutting and embossing machine for an embossed design on 1/4 of the white paper.

2
Cut a 7.5 x 18 cm piece of coloured card and attach the piece of white paper on top with double-sided adhesive tape.

3
For punching out a card balloon; Use cutting plate C underneath + card + die + base plate B on top.

4 Attach double-sided foil tape onto a piece of card and onto a piece of vellum paper. Punch out balloons in different sizes and materials using cutting plate C underneath + card and double-sided foil tape + dies + base plate B on top.

5 Remove the protective paper layer from the other side of the sticky double-sided foil tape.

6 Place the deco foil on top and rub hard to attach it onto the sticky foil tape.

7 Carefully remove the sheet of deco foil. If the deco foil has not transferred completely or if there are any bumps or unevenness, just rub on some more deco foil.

8 Attach the balloons onto the front of the menu card with 3D foam pads. Draw balloon strings with a thin marker. Tie a bow from cotton cord and attach it onto the menu card with double-sided adhesive tape.

9 Print out the menu text and attach it onto the menu card with double-sided adhesive tape. Decorate further with rhinestones.
