

## Easter Chicks made from Nabbi Fuse Beads on a Pegboard

v15343

Make these adorable Easter chicks peeping out from their eggs from Nabbi fuse beads on a square pegboard. You may design your own pattern on the eggshell with stripes and dots or keep it white.

**1**  
Place the Nabbi fuse beads on a square pegboard using the template, adding dots and stripes to the eggshell if you wish.

**2**  
Place a piece of ironing paper or baking paper on top of the beads and iron them together with an iron. Do a small test beforehand as the temperature varies from one iron to another. Iron the beads so that they lightly melt together and then remove them carefully from the pegboard (still with the ironing paper or the baking paper on top). Place a book or a heavy object on top until the beads have cooled down, then remove the ironing paper or baking paper.
