

Children's Bracelets with wooden Beads

v15540

Multi-coloured bracelets with wooden beads threaded onto coloured elastic cord.

Comment faire

1

Find the correct length for your bracelet by measuring around the wrist with the elastic cord – don't forget to add extra length for the knot. Thread beads onto the elastic cord. Put the two cord ends together and tie a double knot.

2

You may hide the knot inside one of the beads.
