

A crocheted Drum from Cotton Tube Yarn

v15441

This drum is crocheted on a No. 8 crochet hook using one ball of red, two balls of white and one ball of grey cotton tube yarn. You will need polyester stuffing to fill a 28 cm high drum with a diameter of 21 cm.

Comment faire

1
Crochet the drum following the pattern on the attached PDF file. Fill the drum with polyester stuffing prior to closing.

2
Crochet the top and bottom onto the drum tube using double crochet stitches.

3
Use Lurex gold yarn (double yarn) for crocheting a row of double crochet stitches between the red crocheted section and the section with the grey and white pattern.

4
Crochet a 30 cm piece of cord from Lurex gold yarn using basic chain stitches. Double over the crocheted piece of cord and tie a knot in the middle. Sew the cord onto the drum using Lurex gold yarn. Tie bells to both ends and finish with a bow.
