

A Rocking Horse with small wooden Accessories decorated with Craft Paint, Glitter and Beads

v15411

Make your very own decorative rocking horse with glued-on small wooden accessories. All the wooden figures are painted with craft paint and decorated with glitter and beads.

Comment faire

1
Paint the base of the rocking horse with craft paint.

2
Apply a coat of lacquer to the dry paint with a brush and sprinkle glitter onto the wet lacquer.

3
Apply lacquer onto small presents and the star using a brush and sprinkle glitter onto the wet lacquer.

4
Apply a coat of lacquer over the glitter on all the wooden figures when the first coat of lacquer is dry to avoid the glitter scattering.

5
Mix a small amount of Sticky Base transparent, self-hardening modelling gel with mini beads. Model a saddle and a halter with the mixture and attach to the rocking horse.

6
Measure the distance between the rockers (the two sides of the rocking horse's rockers) and cut three pieces from a large ice lolly stick to glue between the rockers (as shown in the next picture).

- 7**
Glue the three pieces of wooden ice lolly stick onto the base of the rockers as shown in the picture using a glue gun.

- 8**
Paint the small wooden trees with craft paint.

- 9**
Mix Sticky Base transparent, self-hardening modelling gel with different size beads and decorate the trees with the mixture.

- 10**
Glue small wooden accessories onto the base of the rocking horse.
