Christmas baubles decorated with Art Metal paint and artificial snow

v15770

Decorate these papier-mâché Christmas baubles with Art Metal paint and artificial snow mixed with Sticky Base. Model the mixture onto the top of the Christmas baubles.

Comment faire

1
Cut off the original looped string for hanging. Paint the bauble with Art Metal paint and leave to dry.

2
Mix artificial snow with Sticky Base.

3
Push the mixture onto the top of the Christmas bauble.

4
Insert a pipe cleaner hook into the hole where the looped string for hanging was previously.
