Smart Archiving

v12061

Decorated on the spine with hand-made paper, wood veneer, leather cords and wood beads.
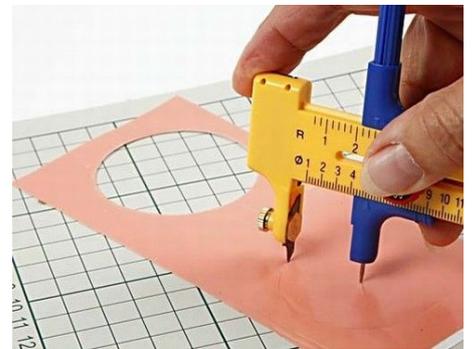

Hoe werkt het

1 Cut the paper to size and glue it onto the spine of the magazine holder.

2 Attach wood veneer onto the spine with special double-sided adhesive sheet.

3 Cut a circle measuring approx. 5cm in diameter from special double-sided adhesive sheet.
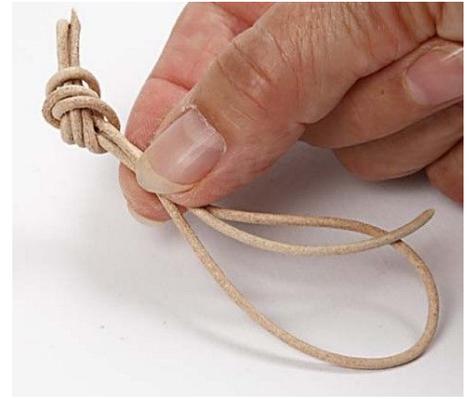

4 Glue a piece of leather cord onto the adhesive circle in a spiral.

5 Remove the red protective layer and glue the circle onto the magazine holder.

6 Fold the cord 3-fold and tie a tight knot. Trim.

7 Attach a wood bead. Drill a hole in the spine of the magazine holder and pull the cords through. Glue the bead in place on the spine of the magazine holder.
