

Kegels met sterren

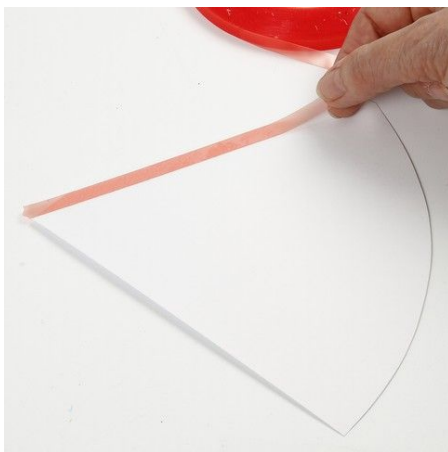

v12639

Kegels zijn geknipt uit wit karton m.b.v. een sjabloon. Een decoratieve rand en uitgestanste sterren gedecoreerd met strasstenen zijn op de kegel gelijmd. Tot slot bestrooid met glitter.

Hoe werkt het

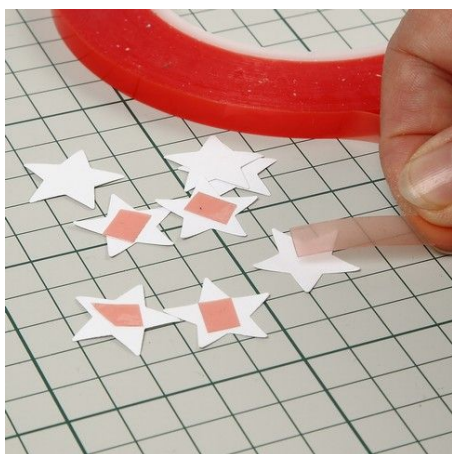

1. Cut out a cone and a handle using the template and score along the dotted line.

2. Attach a piece of power tape to the flap of the cone and assemble the cone and attach the handle.

3. Punch out stars from white design card using a Lever Punch.

4. Attach small pieces of power tape onto the stars.

5. Glue the rhinestone stars onto the punched-out card stars with a small blob of Clear Marker. Leave them to dry.

6. Use power tape to attach the decorative border onto the edge of the cone.

7. Glue the stars onto the cone.

8. Apply some glue randomly on the border and sprinkle glitter.
