

A Shiny Picture with A-Color Glass on a Canvas Panel

v13038

This painting is done on a canvas panel with A-Color Glass paint which gives a shiny look. A black glass & porcelain marker is then used for outlining the motifs.

Hoe werkt het

1. Draw the motif on the canvas panel with a pencil before painting with A-Color Glass paint.

2. When the paint is dry, outline the motifs using a black glass & porcelain marker.
