A White Cardboard Box decorated with A-Color Glass Paint

v13036

A-Color Glass paint is applied to the white cardboard box using a foam stencil brush.

Hoe werkt het

1. Apply A-Color Glass paint to the white cardboard box using a foam stencil brush. Paint the lid and the bottom of the box using the same colour and procedure. Leave it to dry.

2. When the paint is dry, decorate the box lid by dabbing dots in two different colours to the base colour of the box, using a foam stencil brush.
