

Foam Clay Aliens met Wiebelogen en Pom-poms

v15263

Deze buitenaardse wezens zijn gemaakt van styropor ballen en styropor klokken en bekleed met Foam Clay en gedecoreerd met wiebelogen en pom-poms.

hoe werkt het

1 Cover polystyrene balls and polystyrene bells with Foam Clay.

2 Assemble the balls without glue whilst the Foam Clay is still damp. Push the eyes and pom-poms onto the figure with a small blob of Foam Clay.

3 Make feet by rolling two Foam Clay balls and pushing them onto the figure. Leave to dry.

4 Make freestanding eyes by pushing googly eyes into a blob of Foam Clay. Attach the eyes onto the figure immediately and leave to dry.
