

Uitnodiging voor huwelijk met goud

v15178

Goud is de nieuwe trend voor huwelijken. Maak je eigen uitnodigingen met design papier met en zonder glitter, hartvormige shaker stickers en goudkleurige pailletten.

hoe werkt het

1 Cut a piece of glitter design paper slightly smaller than the greeting card. Print text onto white paper and cut this approx. 7 mm smaller than the design paper. Attach all the parts onto the greeting card using double-sided adhesive tape.

2 Cut a 2.5 x 29 cm piece of glitter design paper. Fasten it around the invitation and join the ends with double-sided adhesive tape or foil tape.

3 Attach a shaker sticker onto the middle of the glitter design paper waist band using double-sided tape or the 3D foam pad included with the shaker stickers.

4 Cut a piece of glitter design paper using the template which is attached as a separate PDF file for this idea.

5 Place the glitter design paper envelope insert inside the envelope and secure it onto the inside flap with double-sided adhesive tape.
