Haarband met patchwork

v15497

Deze smalle haarband is gedecoreerd met patchwork. De stof is bevestigd op de haarbnd met dubbelzijdig klevend tape en vervolgens aan elkaar genaaid.

Hoe werkt het

1 Cut a piece of patchwork fabric at an angle measuring 4 x 40 cm.

2 Attach double-sided tape exactly in the middle on the back of the patchwork fabric.

3 Remove the protective paper from the double-sided tape. Fold the fabric towards the middle from each side and push firmly to secure.

4 Attach double-sided tape onto the outside of the hair band and a small piece on the inside of the hair band at both ends.

5 Remove the protective paper from the double-sided adhesive tape. Attach the hair band onto the fabric, starting on the inside of the hair band at one end.

6 Fold the fabric towards the middle on the back of the hair band and sew it together.
