v15384

Maak deze mooie plaatskaarten gedecoreerd met een vellum hart met goud glitter en de naam geschreven met glanzend deco-folie.

### *Hoe werkt het*

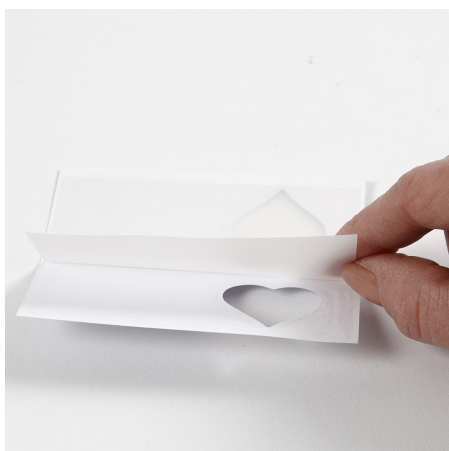

**1**  
Punch out a heart through both card layers of the folded place card using cutting plate C underneath + place card + die + base plate B on top.

**2**  
Punch out two vellum paper hearts the same size as the punched-out hearts in the place card.

**3**  
Open up the place card. Apply glue along the edges and around the punched-out heart on one half of the place card using a glue pen.

**4**  
Cut out a square piece of vellum paper the same size as the folded place card and attach it onto the glue.

**5**  
Apply glue onto the vellum paper heart protruding from the punched-out heart on the front of the place card using a glue pen.

**6**  
Sprinkle glitter onto the wet glue.

**7**  
Apply glue along the edges of one of the punched-out vellum paper hearts.

**8**  
Place the cut-out vellum paper heart exactly on top of the glittery heart on the front of the place card. Repeat steps 3-8 on the other half of the place card.

**9**  
Write a name on the place card with a glue pen – you may write the name with a pencil first.

**10**  
Place a sheet of deco foil onto the name written with the glue pen and rub hard.

**11**  
Carefully remove the sheet of deco foil. If the deco foil has not transferred completely onto the glue, just rub on some more deco foil.

**12**  
Decorate the place card further with rhinestones.
