

Porseleinen mokken gedecoreerd met harten

v15650

Decoreer mokken met glas & porselein stiften. Laat 8 uur drogen. Plaats de mokken in een koude oven en fixeer voor 40 minuten op 230°C. Laat de mokken afkoelen in de oven.

Hoe werkt het

1
Wash the mug so that the surface is completely clean and grease free.

2
Draw your chosen design onto the mug using a glass & porcelain marker. Shake the marker well before use and pump out the ink.

3
Leave the decorated mug to dry for 8 hours and then place it in a cold oven. Turn on the oven at 230°C. Turn off the oven after 40 minutes and leave the mug in the oven with the oven door closed to continue fixing in the oven until the oven is cold. The mugs are now dishwasher safe at a low temperature.
